Summary

Passionate and results-oriented Full-Stack Developer with expertise in building secure and scalable web applications using ASP.NET Core, C#, React, and SQL Server. Skilled in backend and frontend development, database handling, and writing clean and maintainable code. Eager to contribute to impactful software development in a dynamic team environment.

Education

Dr. D.Y Patil Pratishthan's College of Engineering, Kolhapur 2020 – 2024
Bachelor of Science in Computer Science (CGPA: 8.1 / 10.00) *Kolhapur, Maharashtra*

Sadguru Gadage Maharaj College, Karad. 2019-2020
Maharashtra State Board HSC (66% / 100) *Karad, Maharashtra*

Projects

Room Reserve Pro | *ASP.NET Core MVC, MySQL, Entity Framework Core, Bootstrap.*

- Created login system for admin and customers with secure access.
- Allowed admin to manage rooms, check availability, and update prices easily.
- Built features to handle bookings smoothly for users.
- Designed a simple user interface using Bootstrap for better user experience.

Engineering College Recommendation System | *React, Bootstrap, Node.js, Express.js, MongoDB.*

- Built a college predictor using data from more than 10,000 students to help users find suitable colleges.
- Improved the cutoff system by analyzing data and creating APIs using MongoDB.
- Added pagination in React and Node.js to manage large data smoothly and make the app faster.
- Used charts to show college cutoff trends so users can understand and make better decisions.

MediCare Hub | *ReactJs, Bootstrap, Asp.Net Core Web API .*

- Working on a web application using ASP.NET Core and C# for managing medicine data.
- Building a user-friendly React interface for browsing and purchasing medicines.
- Connecting frontend and backend to ensure smooth data flow and better user experience.
- Improving database performance to handle large amounts of data efficiently.

Technical Skills

Frontend: HTML5, CSS3, JavaScript, ReactJS, Bootstrap.

Backend: C#, ASP.NET Core, ASP.NET Core MVC, Entity Framework Core.

Other Tools and Concepts: Git ,GitHub, Swagger, JWT .
